

VisionTek®

VisionTek 4K UltraHD Active Adapters

THE PLUG AND PLAY SOLUTION TO OUTPUT 4K ULTRA HIGH DEFINITION QUALITY VIDEO AND AUDIO FROM A PC OR MAC TO A HDTV, MONITOR, OR PROJECTOR.

Ideal for TVs, monitors, and projectors with an HDMI 1.4b interface.

The VisionTek 4K UltraHD Active Adapters allow you to view movie and network broadcasts, play games, or read content at 3D 1920 x 1080 resolution at 60Hz or 4K UHD resolution of 3840x2160 at 30Hz. Great for using a projector for presentations or to extend your display onto a second monitor.

Supports AMD Eyefinity™ Technology for viewing multiple HDMI displays. Also supports uncompressed 8-channel audio.

Compatible with mini DisplayPort 1.1 and 1.2 high bit rate equipped PC, Mac®, Intel, AMD, and NVIDIA® products.*

VisionTek 4K UltraHD Active Adapters are Plug and Play, which means no drivers to install and no external power required.

900691: mini DisplayPort to 4K UltraHD HDMI Active Adapter

900692: DisplayPort to 4K UltraHD HDMI Active Adapter

*DisplayPort 1.1a devices may be limited to computer resolutions of up to 2560x1600 and all HDTV resolutions including 1080p
